Delivering Health Solutions That Work

MediHerb was co-founded in 1986 by world-renowned phytotherapist, Professor Kerry Bone. In his words, "Our passion at MediHerb is to unlock the healing power of plants by combining the time-honored wisdom of traditional knowledge with sound clinical experience and the rigor of scientific research. This quest can only be attained by the total commitment to quality and continuous improvement which permeates every aspect of our endeavors."

In over 25 years of operation MediHerb has not only demonstrated an unwavering commitment to quality in herbal products, we have redefined it. We believe our unique approach to quality sets a standard for herbal products that is unsurpassed in the world today.

Kerry Bone and over 20 health care professionals work within MediHerb while still maintaining their own clinical practices. We know from our experience that the quality of a product you take makes a huge difference to the health outcome you experience. We dedicate ourselves to researching and making the best possible products to deliver you health solutions that work.

Natural Support for Stress

Adrenal Complex

MEDI HERB

Adrenal Complex – For the Challenges of Everyday Life

Dealing with life's ups and downs can be a real challenge – especially if you are juggling lots of things at once. You might be coping with illness in the family, anxious about an exam or an interview, or just have too much happening at once.

When you're under stress, your body goes into overdrive. Your adrenal glands come to the rescue, producing the hormones that help you through the stressful situation. Then when the crisis is over and you can relax, you might feel like you just want to "crash", but you have to keep going.

Healthy adrenal gland function is vital for a healthy response to stress and to support healthy immune system function. Give yourself the effective support of Adrenal Complex to help the body adapt to the challenges of everyday life.*

What is Adrenal Complex?

Adrenal Complex is a synergistic blend of Licorice and Rehmannia, two powerful adrenal tonics. This potent formulation is designed to support the adrenal glands and provide a healthy response to stress.*

Licorice is one of the most widely used herbs around the world. It has been used for thousands of years for a range of purposes including supporting adrenal health.*

Rehmannia has been used in Chinese medicine for centuries and is revered for its ability to replenish vitality.*

Who Needs Adrenal Complex?

Even small episodes of daily stress can add up.

When you are feeling wound up, run down or simply coping with life's stresses and strains, Adrenal Complex can be powerfully effective. It can also be beneficial for anyone who tires easily, or whose energy reserves are low.*

Rely on Adrenal Complex during or after temporary stress, to help your body adapt to the challenges of everyday life.*

How is Adrenal Complex Unique?

Adrenal Complex is manufactured from the highest quality herbs to deliver you a superior product. Optimum levels of glycyrrhizin, the active compound in Licorice, are vital in delivering good quality adrenal support. Superior technical expertise allows MediHerb to test the quantity of this important constituent in our Licorice raw material. Each tablet of Adrenal Complex contains 25 mg of glycyrrhizin for optimal strength and quality.*

All herbal manufacturers in Australia are required by law to operate according to exacting pharmaceutical manufacturing regulations. Every MediHerb product is made to these meticulous standards, so you can be 100% confident that you are receiving the highest quality product.

Compelling Benefits

Adrenal Complex is a unique combination of Licorice root and Rehmannia rhizome. Together these herbs work to:

- Restore adrenal function
- Support adrenal gland health
- Help the body adapt to the challenges of everyday life
- Soothe temporary mild exercise-related inflammation*

Ask your health care professional today about Adrenal Complex. They can advise whether it's the right adrenal supplement for you. They will also be able to inform you of any cautions to be aware of when taking this product.*
