

Ginkgo Forte

Supports healthy mental aging*

Delivering Health Solutions That Work

MediHerb was co-founded in 1986 by world-renowned phytotherapist, Professor Kerry Bone. In his words, "Our passion at MediHerb is to unlock the healing power of plants by combining the time-honored wisdom of traditional knowledge with sound clinical experience and the rigor of scientific research. This quest can only be attained by the total commitment to quality and continuous improvement which permeates every aspect of our endeavors."

In over 25 years of operation MediHerb has not only demonstrated an unwavering commitment to quality in herbal products, we have redefined it. We believe our unique approach to quality sets a standard for herbal products that is unsurpassed in the world today.

Kerry Bone and over 20 health care professionals work within MediHerb while still maintaining their own clinical practices. We know from our experience that the quality of a product you take makes a huge difference to the health outcome you experience. We dedicate ourselves to researching and making the best possible products to deliver you health solutions that work.

Ginkgo Forte

MEDI HERB®

Ginkgo Forte – Sharpen Memory and Concentration

Occasionally, we all forget everyday things like birthdays, appointments or where we left the car keys. As we grow older though, lapses like these can increasingly become a frustrating fact of life.

Nuts from the Ginkgo tree have been used traditionally for centuries in China to support healthy lung function. However, modern research has shown a specialized extract of Ginkgo leaves improves blood flow to the brain, which may help sharpen thinking and concentration.*

Ginkgo biloba is the world's oldest living tree species – so hardy that one even survived the atomic blast at Hiroshima. It is the active compounds in the leaves that give this tree the ability to withstand disease, insects and pollution.

Ginkgo Forte is formulated to contain a potent extract of Ginkgo, obtained solely from the leaves.*

What is Ginkgo Forte?

A special, highly concentrated flavonoid extract of Ginkgo originated in Europe in the mid-1960s. It was made from Ginkgo leaves and was often referred to as standardized Ginkgo extract. MediHerb's Ginkgo Forte is based on that European extract. Ginkgo Forte contains 60 mg of extract with 24% ginkgo flavonglycosides and 6% ginkgolides and bilobalide to provide a consistent and effective product.*

Who Needs Ginkgo Forte?

Everyday we are challenged by mental stress and pressure. Ginkgo Forte may help promote mental clarity and support normal memory function.*

Research shows Ginkgo provides great support for a wide range of health issues including healthy blood circulation, antioxidant activity, support for memory and cognition and in times of stress beneficially modulates cortisol levels. Older adults especially will find it a great help in maintaining good health and quality of life.*

How is Ginkgo Forte Unique?

Recent research has emerged that expands the clinical applications of Ginkgo using higher doses than previously recommended. Each Ginkgo Forte tablet is standardized to contain 14.4 mg of ginkgo flavonglycosides and 3.6 mg of ginkgolides and bilobalide.*

MediHerb sources only the highest quality herbs, then we test them extensively to deliver you an optimal product.

You can be completely confident that MediHerb's manufacturing process maintains the integrity of every component of the finished product.

MEDI  HERB®

Compelling Benefits

Ginkgo Forte and its effective compounds work together to:

- Support memory and cognition
- Promote alertness and mental clarity
- Help support healthy mental function
- Support good health in older adults
- Support and encourage healthy blood circulation
- Provide antioxidant activity to help protect cells and other tissues
- Beneficially modulate cortisol during periods of stress
- Help reduce the congestive symptoms of premenstrual syndrome*

All Ginkgo products are not the same. Many do not contain all the important active compounds. Invest in your health by choosing a brand you can trust: MediHerb's Ginkgo Forte.*

Ask your health care professional if Ginkgo Forte is right for you. They will also be able to inform you of any cautions to be aware of when taking this product.
