

LivCo®

Liver Cleansing Support*

Delivering Health Solutions That Work

MediHerb was co-founded in 1986 by world-renowned phytotherapist, Professor Kerry Bone. In his words, "Our passion at MediHerb is to unlock the healing power of plants by combining the time-honored wisdom of traditional knowledge with sound clinical experience and the rigor of scientific research. This quest can only be attained by the total commitment to quality and continuous improvement which permeates every aspect of our endeavors."

In over 25 years of operation MediHerb has not only demonstrated an unwavering commitment to quality in herbal products, we have redefined it. We believe our unique approach to quality sets a standard for herbal products that is unsurpassed in the world today.

Kerry Bone and over 20 health care professionals work within MediHerb while still maintaining their own clinical practices. We know from our experience that the quality of a product you take makes a huge difference to the health outcome you experience. We dedicate ourselves to researching and making the best possible products to deliver you health solutions that work.

Liver Cleansing Support

LivCo®

MEDI HERB®

LivCo® – Ideal Liver Support for Today’s Fast-paced Lifestyle

Taking care of your liver is crucial for health and well-being. Everything we eat, drink or come in contact with can affect liver health.

The liver is the largest of our internal organs, and functions like a waste-removal system. It helps to process and detoxify the substances we take in every day. This includes food, alcohol, medicines, chemical additives, toxins and pollutants. The liver is also part of the digestive system responsible for maintaining blood sugar levels.

LivCo, with its potent antioxidant activity properties, provides optimum support for healthy liver function and overall good health.*

What is LivCo?

LivCo is a unique formulation containing extracts of Milk Thistle, Schisandra and Rosemary.

Milk Thistle is the most important of all the liver herbs. Its powerful antioxidant action helps protect the liver from the damaging effects of free radicals, generated by toxins and our own body processes. Milk Thistle is extremely effective in supporting normal liver function and normal liver repair processes.*

Schisandra (*Schisandra chinensis*) is traditionally well regarded in both Europe and China. Its active compounds, lignans, are believed responsible for Schisandra’s health supporting effects. Traditionally, Schisandra has been used to help the body cope with the challenges of everyday life.*

Rosemary leaf is prized for its ability to support healthy liver function and for its antioxidant activity.*

How is MediHerb’s LivCo Unique?

As a combination of Milk Thistle, Schisandra and Rosemary, LivCo is specifically formulated to support the liver and provide essential cell-protective effects. The Milk Thistle component is standardized to contain 24 mg per tablet of the important plant compounds (flavanolignans), ensuring optimal strength and quality.*

You can be completely confident that MediHerb’s manufacturing process maintains the integrity of every component of the finished product.

Who Needs LivCo?

Do you enjoy a glass of wine or rich foods? If so, LivCo may be the liver support you need. Gently effective, LivCo enhances the body’s natural elimination process and cleanses the liver. Well suited to long-term use, it is a very effective addition to a daily supplement regime for good health.*

MEDI  HERB®

Compelling Benefits

The herbs in LivCo work synergistically to:

- Aid in the elimination of naturally occurring toxins and cleanse the liver
- Support healthy liver function and liver tissue integrity
- Protect liver tissue by supporting normal cellular defenses
- Provide antioxidant activity
- Support and maintain cellular health
- Stimulate the biosynthesis of liver protein
- Support digestive health*
