## What is Nevaton® Forte?

MediHerb’s Nevaton® Forte is a new formulation, now combining Saffron stigma with Skullcap herb, Schisandra berries and St John’s Wort herb and flowers.

The dried stigma of the saffron flower (*Crocus sativus*), has been extensively researched, and has a long history of health, culinary, ceremonial and other uses. It is the world’s most precious, costly spice (by weight).\*

In India’s time-honored Ayurvedic tradition, Saffron is said to support the tonic action of other herbs and nourish the nervous system. Both Saffron and Schisandra have been relied on for centuries, to help sustain energy.\*

Scientific studies support age-old wisdom: Russian research indicates Schisandra may assist the body’s normal adaptation to stress. In many cultures, St John’s Wort and Skullcap have been used to soothe the nerves and restore balance during temporary mood swings.\*
